Terms and Conditions

Tours must be cancelled at least 24 hours prior to departure time. If the client cancels less than 24 hours before departure time from Cape Town, 100% cancellation fees apply. If the client does not arrive for their tour (a no show) 100% cancellation fees apply.

Although weather checks are done prior to every trip, if bad weather prevents us from going to sea on any particular day, clients will be informed, an alternate date negotiated, or an entire refund is given. If strong winds pick up while at sea and a return to shore is required for the safety of passengers and crew, a refund is not applicable, but we will graciously offer a voucher for a complimentary trip. Please keep in mind that we are dealing with wild animals, so sightings cannot be guaranteed. Refunds are therefore not considered in the event of no shark activity however a second tour will be offered free of charge.

Due to variable weather conditions and shark activity, diving may not always be possible and is therefore not guaranteed.

The boat tour we offer consists of approximately 4 hours at sea. Time related itineraries and collection times are dependent on tides, weather conditions and the number of scheduled tours for a particular day. Exact collection times are therefore only available after 16h00 the day before and may vary between 4:30 and 11:30.

In the event of our vessel being out of the water for maintenance or any other reason, we will continue to run our tours by chartering another vessel which will also be adequately registered for shark cage diving.
